## **Community Landscaping**

It's that time of year and owners/occupants are encouraged to survey their landscaping, outbuildings, fences and hardscape to ensure they're in good condition and repair. This is also a good time to re-familiarize yourself with the Muir Woods CC&R's on our website and ensure your residence continues to complement our neighborhood.

Last summer we had a couple points of standing water at the south end of the common area that we will be working to remedy this spring. If you notice other items that need addressed in the common area, islands, or berms please contact Dale Eldridge, our landscape and maintenance chair at [dale\\_eldridge@msn.com](mailto:dale_eldridge@msn.com).

I have been so impressed with all the neighbor helping neighbor in Muir Woods. The feedback has been almost overwhelming. I keep saying to myself, "Wow, this is a great place to live, raise a family, retire, and enjoy a wonderful quality of life."

I am aware of people house-sitting for one another. Many of you are taking meals to shut ins, attending funerals of deceased neighbors, buying snow plows and snow blowers to help clear residents sidewalks, volunteering for Neighborhood Watch, supporting National Neighborhood Night Out, etc. It is very heartwarming to see all the good, kind things you do. Thanks!

Morris Bastian

It is that time of year again that residents will be painting, adding patio covers or sheds, planning landscape upgrade projects, etc. You are required to have your project approved prior to beginning work. The ACC request form is available on our website at [mwhoa.org](http://mwhoa.org), in the Documents tab - Architectural Review & Request Form. To allow time for review please submit the form at least two weeks prior to the work beginning. Completed forms are to be submitted to Rob Mattison ([rmattison@sentrymgt.com](mailto:rmattison@sentrymgt.com)) at Sentry Management, he forwards them on to the committee for review. You will be contacted with any questions and will be given the approved form.
